MONTHLY GRAND ROUNDS
We are pleased to announce the series of Grand Rounds in Medicine for the Academic Year 2021 – 2022 organized by the Medical School of the University of Crete and the Hellenic Bioscientific Association of the USA. The goal of the initiative is to bring cutting edge knowledge in daily medical practice and connect the Medical School with distinguished Greek physicians/scientists working in the USA. Attendees could be consultants, residents, medical students in their clerkship and biomedical scientists.

OBJECTIVES
The Grand Rounds in Medicine is a monthly seminar series aiming to provide up-to-date knowledge about timely issues in medicine to faculty, medical doctors and trainees. Medical students in their clerkship are encouraged to attend.

HOW TO ATTEND
The Grand Rounds in Medicine take place virtually as Zoom webinars once a month on Thursdays at 15.00 p.m. Athens time. The schedule of the seminars is shown.
