

INTERNATIONAL DAYS

8 - 12 March 2021

Dear Sir, Madam
Dear partner

We would have liked to be the first to physically welcome you back at our faculties and campuses, but due to the uncertainty COVID-19 brings, this unfortunately won't be. However, as we do believe that connecting with our partners is crucial, perhaps now more than ever, we are taking our International Days online!

From **8-12 March 2021*** you are welcome to join us at the 16th edition of our International Days "Intrapreneurship – innovate within the organisation". We are pleased to inform you that **Thierry Geerts, Country Director at Google Belgium**, will act as our keynote speaker.

Our International Days are a Thomas More wide event for all faculties during which we try to bring together our partners. During this week you are welcome to share your expertise with us, give online guest lectures, network and much more!

Our guests will **combine** the online or hybrid programme organised by the department of their **specific field of study** with the **online central day** offered to all our guests. You might even expect **a surprise** on your physical desk!

As a guest you will be connected to your Thomas More contact person. This is the international coordinator of a faculty that you collaborate with. This person will send you a detailed programme of the activities organized by the department of their field of study at a later stage. The **joint online central day (9th of March)** will be part of that programme and will bring together all our guests. For you this will mean a lot of **networking opportunities**.

Next to this broad invitation sent by the central International Office you may thus expect a more detailed invitation by one of our colleagues international coordinator(s) with whom you have a close partnership.

Interested to learn more about the various study fields and structure of Thomas More? Please consult our [factsheet](#) and [overview of our course offer in English](#).

Please let us know if you are interested in attending our International Days via [this form](#) by **January 4th 2021**. We also invite you to forward this invitation to other colleagues that might be interested to join.

We will send out a more detailed invitation soon but we hope you can already save the date!

Finally, we would like to use this occasion to wish you and your loved ones [a merry Christmas and a happy New Year](#).

Yours faithfully

Team International Office and International Coordinators Thomas More
